

## VANCEPOINT CAPABILITY STATEMENT

VancePoint's proven expertise in delivering measurable results and ensuring the higher level of security and compliance our customers need sets us apart as a trusted leader in the cybersecurity industry. VancePoint offers what few others can: the ability to leverage the right balance of technical and analytical expertise and the best-fit tools in the industry.

### **Our full spectrum of cybersecurity services includes:**

- **Governance, Risk, & Compliance:** Advisory and assessment information assurance (IA) services in compliance FISMA and NIST RMF frameworks.
- **Technical Security Assessments:** Methodology-driven and repeatable assessments across a diverse set of technologies and information system environments, including vulnerability assessments, penetration testing, red team operations, and application security vetting.
- **Development Security Operations (DevSecOps):** SDLC security and infrastructure CI/CD design, implementation, and sustainment support.
- **Cyber Automation & Modernization:** Innovative, customized, and unique continuous monitoring (ISCM/CDM/CSM) solutions that augment risk situational awareness and improve total security posture.
- **Vulnerability Management & Remediation:** Proactive and continuous practice of identifying, classifying, prioritizing, remediating, and mitigating vulnerabilities in software and hardware appliances.

### **VancePoint Differentiators:**

- **Core focus and expertise:** Cybersecurity
- We provide a calculated balance of technical and analytical expertise and tools to better manage cybersecurity challenges.
- **Our People:** We attract the most talented and certified industry professionals with our exciting entrepreneurial culture, attention to customer service, and customer impact.
- **Our Leadership & Experience:** We work with decision makers, partners, and technology that influence the most critical areas of cybersecurity, and we bring to bear this leadership during each client engagement.
- **Our Processes & Value:** We ensure effective and repeatable practices through our process-driven approach, emphasizing efficiency and quality to improve the client experience, cost, and results.
